

Production Operator

Job Purpose

We are looking for enthusiastic and adaptable individuals to join our multi skilled production team. Your responsibilities will include operating powder blending machines, pasteurising plant, pouch filling machines and other equipment. Some experience in any of these areas would be an advantage but full training will be given.

The Role

- Operating blenders, sieves, metal detectors, pasteuriser and other factory equipment safely and according to procedural and operating instructions
- Loading and unloading machines and stacking pallets including lifting 25Kg sacks
- Accurately completing production records
- Carrying out hygiene and general cleaning duties as required
- Adhering to Health & Safety procedures and good working practices

The person

- Accuracy and attention to detail are of utmost importance
- Hardworking, enthusiastic and conscientious with a flexible attitude
- Ability to learn quickly and work on own initiative
- Efficiency and reliability - demonstrating strong attention to detail, observing rules and processes affecting the role
- Awareness of Food safety and Quality Management systems would be an advantage

Please note that due to the high volume of responses that we receive, we are unfortunately no longer able to respond to each application directly or to provide further individual feedback. We will however contact you should we select you to attend an interview. Should you not receive a reply from us within 4 weeks, please assume that your application on this occasion has proved unsuccessful.

If you are interested in this position, please send your C.V. and covering letter by email to jobs@calleva-nutrition.com or telephone Wendy Shaw on 01278 427687
